The "Toric" lens is ground with a deep, inner curve, which permits of the lens being placed much closer to the eye, allowing a wider range of vision with no perceptible edges or annoying reflections. The "Toric" lens is for particular people who want the best and are satisfied with nothing less. It costs a little more, but it is worth it. We fit the "Toric" in eye-glass or spectacle.

PULPITS TO HIT FAKE 'CURES' OF CONSUMPTION

From thousands of pulpits in all parts of the United States, fake cures for consumption will be exposed and denounced on Tuberculosis Day, October 27. This is a part of the program for the movement announced today by the National Association for the Study and Prevention of Tuberculosis.

Literature giving information on fraudulent and alleged "cures" for consumption will be sent to clergymen all over the country, and an organized crusade against the traffic in these drugs and devices will be instituted. The literature will be sent to clergymen either directly from the national association office in New York or through the many state and local anti-tuberculosis associations throughout the country. It is estimated that over 100,000 clergymen will be reached in this way.

From actual records on file in the office of the national association, it is estimated that the volume of business done annually by the various concerns who sell fake remedies for tuberculosis amounts to well over \$15,000,000. The number of these remedies now being used as so-called "cures" is over 500.

Three classes of "cures" are distinguished by the association. In the first class are included hundreds of devices and drugs. The second class of "cures" includes the "institutes," "professors," or companies of "doctors," who, for a consideration, guarantee to cure consumption by some secret method of which they are the sole proprietors. These are said to be nearly 150 of these institute frauds in the United States, cheating the people out of millions of dollars annually.

In the third class of "cures" are placed a number of home-made remedies, which either through ignorance or superstition have been advanced as treatments for tuberculosis.

None of these remedies will cure consumption, declares the national association. The only cure for tuberculosis recognized by the national association consists of the combination of fresh air, good food, and rest taken under the direction of a competent physician.

An effort will be made in Honolulu by the Anti-Tuberculosis Club to interest the local churches in taking this matter up.

CASTORIA

for Infants and Children.
Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have paregoric or laudanum to make it sleep. These drugs will produce sleep, and a few drops too many will produce the sleep from which there is no waking. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody, without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. **Castoria does not contain narcotics.**

The signature of **Dr. J. C. Fletcher** guarantees genuine **Castoria**.
Physicians Recommend Castoria.

"I have frequently prescribed Castoria for common ailments of children with good results."
W. A. CRANDALL, M. D., Buffalo, N. Y.

"As the father of thirteen children I certainly know something about your great medicine and, aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."
Wm. J. McCRANN, M. D., Omaha, Neb.

"I find your Castoria is very beneficial in the treatment of children's ailments."
F. DAVIS, M. D., Chicago, Ill.

"I object to what are called patent medicines, where maker alone knows what stuff is put in them, but I know the formula of your Castoria and advise its use in proper cases. I judge it to be a very useful, as well as harmless family medicine."
N. B. SIZEN, M. D., Brooklyn, N. Y.
